

A serene landscape photograph of a sunset over a calm lake. The sun is positioned on the horizon, creating a bright, glowing arc in the sky that extends from the top right towards the center. This arc is mirrored in the water below, appearing as a shimmering, golden path. The sky is a mix of soft pinks, oranges, and blues, with scattered, light-colored clouds. The lake's surface is still, reflecting the colors of the sky and the sun. In the background, a dense line of dark green trees borders the water. The overall mood is peaceful and majestic.

CELESTIS
MEMORIAL
SPACE FLIGHTS

Earth Rise Spaceflight

The **Earth Rise Spaceflight** affordably launches to space a personalized flight capsule carrying a symbolic portion of cremated remains. After experiencing the zero gravity environment, the flight capsule is returned to earth.

Earth Orbit Spaceflight

The **Earth Orbit Spaceflight** places a personalized flight capsule carrying a symbolic portion of cremated remains into orbit, where it remains for years or even decades before re-entering the atmosphere, harmlessly vaporizing like a shooting star in final tribute.

Lunar Spaceflight

The **Lunar Spaceflight** places a personalized flight capsule carrying cremated remains to the surface of our nearest neighbor, the moon, creating a permanent memorial on a distant, but constantly viewable world.

Voyager Spaceflight

The **Voyager Spaceflight** is a true mission of exploration, sending a personalized flight capsule carrying cremated remains on a permanent celestial journey, well beyond the moon.
